Also Available Industrial Lockers in Depth 325 mm

SALIENT FEATURES OF THE LOCKER CABINET

1) MATERIAL OF CONSTRUCTION

Each & Every component of the locker cabinets are made from prime quality C.R.C.A. Material on advanced automatic machines.

2) MODULAR CONSTRUCTION

Knock down construction enables quick and precise assembly.

3) SURFACE COATING / FINISH

All the components of the locker cabinets are given a thorough 7-step anti rust treatment and **powder coated** in desired shade. This ensures elegant finish & longer life.

4) INDIVIDUAL INDEXING

Each and every lockable compartment has provision for very elegant indexing/ numbering.

5) LOCKING

Concealed flush type handle with inbuilt locking facility provides total security.

6) VERSATILITY

Locker units can be used in factories, hospitals, educational institutes, commercial organisations, laboratories, sports club, etc.
